Notes

- 1) Original Sound effects have been recorded at 96 Khz and perfect cleaned - 4 noise reduction filters applied (2 by hardware, 2 by software, Hiss Reduction, Click \$ Pops Eliminator Filters).
- 2) There are included all the basic recording sound effects (perfectly cleaned, arranged, edited and normalized) so the developer can adjust it according to its pleasure, using Unity3D.
- 3) If you wish another format or quality, not over 96 khz, or you need other different sound effects, please contact me
